RE: Private Cemetery Approval

Dear Rev. Jividen:

I completed review of the application of Beacon Hill Baptist Church to operate a private cemetery under the name of Gethsemane Gardens Cemetery. You have now provided all necessary documentation needed to approve Beacon Hill Baptist Church as a seller of cemetery lots under the regulations of the Wyoming Insurance Department.

This letter constitutes approval by the Department for your church to begin operation of Gethsemane Gardens Cemetery. This approval is subject to your providing proof to the Department, prior to any sales of burial plots, that the Irrevocable Perpetual Care Trust has been created by the signing of the trust agreement and that the initial \$10,000 deposit has been made to the irrevocable perpetual care trust located at American National Bank in Cheyenne, Wyoming. This proof should be in the form of a confirmation from the bank that the trust has been funded in the amount of \$10,000 and a copy of the signed trust agreement.

Also, the changes to the sales materials which we discussed today must be made and submitted to the Department prior to the use of those sales materials. These changes relate to the wording of the Department's authority over Gethsemane Gardens Cemetery.

In my review of your application to operate as a private cemetery I read and approved the following items required by the Department's regulations.

You provided an Irrevocable Perpetual Care Trust drafted by John Metzke. This trust is satisfactory once it has been signed by the parties as noted above.
